Email: _____

Forsyth County Environmental Affairs Department
Paint Stripping and Miscellaneous Surface Coating Operations
Subpart HHHHHH/ 40 CFR 63.11169 - 63.11180

Initial Notification (Form IN)

Complete and submit Sections 1-4. General Information with this form.

For existing sources, the Initial Notification is due by January 11, 2010.

For new sources, the Initial Notification is due 180 days after startup or July 7, 2008, whichever is later.

5. **What is the date of installation of applicable equipment?**
(*"New Source" is one that installed equipment after September 17, 2007.*)
(*"Existing Source" is one that installed spray equipment on/before September 17, 2007.*)

6. **Applicability**

a. **Paint Stripping Operations**

Do you use, or intend to use, methylene chloride (MeCl) to remove paint or other coatings from wood, plastic, metal, or other substrates?

- Yes. If "yes", you are subject to the standard. Complete Section 7, 9, and 10.
 No. If "no, you are not subject to standard. Complete certification at Section 10.

b. **Miscellaneous Coating Operations**

Do you spray a coating that contains a "target HAP" to metal or plastic substrates other than motor vehicles or mobile equipment? Target HAPS are chromium (Cr), lead (Pb), manganese (Mn), nickel (Ni), or cadmium (Cd).

- Yes. If "yes", you are subject to the standard. Complete Section 8, 9, and 10.
 No. If "no, you are not subject to standard. Complete certification at Section 10.

c. **Motor Vehicle or Mobile Equipment Coating Operations**

Do you spray apply coatings to motor vehicles or mobile equipment?

- Yes. If "yes", you are subject to the standard. Complete Section 8, 9, and 10.
 No. If "no, you are not subject to standard. Complete certification at Section 10.
 Yes, but my coatings do not contain chromium (Cr), lead (Pb), manganese (Mn), nickel (Ni), or cadmium (Cd) and I am applying for exemption. (Skip to **Form MEX**)

7. **Paint Stripping Operations (if applicable)**

a. Method of paint stripping (check all that apply)

- Chemical
 Mechanical
 Other (describe) _____

b. What substrate is stripped? (check all that apply)

- Wood
 Plastic
 Metal
 Other (describe) _____

c. Will you use more than 1 ton of methylene chloride in a year?

- Yes No

8. Surface Coating Operations (if applicable)

a. Type of surface coating operation (check all that apply)

- Motor vehicle or mobile equipment coating
- Miscellaneous coating of plastic or metal

b. Do you paint motor vehicles or mobile equipment at the customer's location?

- Yes No

c. Number of spray booths

Booth ID	# of walls	Type of wall's material (curtain, drywall, block, etc.)	# of filters	Filter type

d. Number of preparation stations. _____

e. Number of equipment clean up stations. _____

f. Number of painters usually employed. _____

g. Are painters fully trained? yes No (See NOC forms for training requirements)

9. Compliance Status (See applicable NOC forms for summary of requirements)

Existing sources (Compliance date is January 10, 2011)

- The facility is currently in compliance with all requirements.
The certified Notification of Compliance may be submitted now but must be submitted no later than March 11, 2011.
- The facility will be in compliance with all requirements by January 10, 2011.
The certified Notification of Compliance must be submitted no later than March 11, 2011.

New sources starting up after September 17, 2007 (Compliance date is the date of startup.)

- The facility was in compliance at the time of startup.
The certified Notification of Compliance must be submitted with this Initial Notice.
- The facility was not in compliance at the time of startup but is now in compliance.
The certified Notification of Compliance must be submitted with this Initial Notice.
- The facility was not in compliance at the time of startup and is still not in compliance.
Complete certification at Section 10 and submit.

10. **Applicability Certification (If you checked "Yes" in Section 6 a, b, or c the facility is subject to standard.)**

Is this facility subject to Subpart HHHHHH?

Yes

No

The undersigned certifies under the penalty of law that all information and statements provided in this notification, based on information and belief formed after reasonable inquiry, are true, accurate, and complete.

Signature of responsible company official listed in Section 2 or 4.

Date

If you are not subject to this standard you do not need to proceed further. Sign and submit to the Environmental Affairs Department.

If you are subject to this standard, sign this certification and submit this form and other applicable forms to both the Environmental Affairs and US EPA.
