Inside the Wildflower Garden

Several native trees can be found inside the Wildflower Garden (indicated by the orange box on the map). The labeled trees in this garden include:

Black walnut	<i>Juglans nigra</i>
Spice bush	<i>Lindera benzoin</i>
Black locust	<i>Robinia pseudoacacia</i>
Tulip poplar	<i>Liriodendron tuliperifera</i>
Sassafras	<i>Sassafras albidum</i>
Southern hackberry	<i>Celtis laevigata</i>
Wild black cherry	<i>Prunus serotina</i>

Find these trees outside the fence beyond the wildflower garden:

Persimmon	<i>Diospyros virginiana</i>
Pawpaw	<i>Asimina triloba</i>
American beech	<i>Fagus grandifolia</i>
Sweetgum	<i>Liquidambar styraciflua</i>

Become a Friend of the Arboretum

<http://go.ncsu.edu/tanglewood>

Your donation helps maintain the gardens and provide education for people of all ages. Donors who give \$75 or more receive a pass for free entry to Tanglewood Park for the year.

Fund raising efforts for the Friends of the Arboretum at Tanglewood Program operate under the auspices of the North Carolina Agricultural Foundation, Inc., a 501(c)3 non-profit, tax id 56-6049304. You will receive an official receipt for your donation.

ABOUT N.C. COOPERATIVE EXTENSION

North Carolina Cooperative Extension is a strategic partnership of NC State Extension, The Cooperative Extension Program at N.C. A&T State University, USDA-NIFA, and 101 local governments statewide. Extension professionals in all 100 counties and the Eastern Band of Cherokee translate research-based education from our state's land-grant universities, NC State and N.C. A&T, into everyday solutions. Extension specializes in agriculture, youth, communities, food, health and the environment by responding to local needs.

N.C. Cooperative Extension is an equal opportunity provider.
