## Office of Environmental Assistance and Protection

Minor Barnette, Director

---

April 22, 2019

Mr. Phineas T. Phogbound, P.E.  
Environmental Compliance Manager  
Flapaloo Products  
45-70 Government Lane  
Suite P  
Dogpatch, NC 27105

**Re: CY 2019 Emissions Inventory for Flapaloo Products (Premise 00222)**

Dear Mr. Phogbound:

This letter is notice that you are required by Chapter 3 of the Forsyth County Air Quality Technical Code, Subchapter 3Q, Rule .0207 and Subchapter 3D, Rule .0202 to quantify your facility's calendar year 2019 air pollutant emissions and report those emissions data to the Forsyth County Office of Environmental Assistance and Protection (FCEAP). Emissions inventory data are utilized in air quality planning, toxic risk assessment, determination of permit fees, satisfaction of Federal emission reporting requirements and other related purposes. You are required to provide your best estimate of actual emissions of each regulated pollutant from all sources of emissions at your facility in addition to information about your processes and emission release points. Please complete and submit your emission inventory to this Office by **June 30, 2020**. The FCEAP is acutely aware of the challenges associated with the National COVID-19 response. Please contact our office as soon as possible if you anticipate problems submitting your emissions inventory by June 30, 2020.

You are strongly encouraged to report your emissions inventory data digitally using a prefilled database provided by our office. You must have Microsoft Access 2003 or higher installed on your computer to take advantage of this method. To request a copy of the database, email me at [lydask@forsyth.cc](mailto:lydask@forsyth.cc). **Do not use a database provided for an earlier emissions inventory to submit your 2019 emissions inventory.** You must obtain the latest version of the emission inventory database in order to receive the benefit of quality assured data and updated code tables. If you are unable to take advantage of digital reporting please contact me to request the forms necessary to prepare your 2019 emissions inventory submittal. Instructions and other information to help you prepare the emissions inventory are available on the FCEAP's website at <http://www.co.forsyth.nc.us/EAP/forms.aspx>. If you would like assistance preparing your facility's emissions inventory, you are encouraged to contact your case manager at the Office of Environmental Assistance and Protection at 336-703-2440. Your case manager is familiar with your facility's processes and will be able to provide guidance and assistance with calculating emissions as well as help identify additional information necessary for your submittal.

If you have questions about the emissions inventory process or wish to discuss emission inventory submittal via database, please call me at 336-703-2444 or email me using the address above.

Your cooperation and timely attention to this matter are greatly appreciated.

Sincerely,

Steven K. Lyda
